

## Week 45

This Point Ground insertion is also designed and made by Ria de Ruiter. The motif is made by the gimp, which surrounds the honeycombs or just goes from one side to the other. There are also tallies in the ground and between the honeycombs.

You need 26 pair of bobbins with Egyptian cotton nbr.80/2 or similar and 1 pair with a gimp, i.e. DMC embroidery cotton nbr. 16.

The tallies in the honeycombs stitch is made according the drawing below.
