

Week 48

The series Point Ground laces is finished for the moment. We start again with the Dutch laces. The first one is simple with only a few pairs of bobbins and no real difficulties.

You need 12 pairs of bobbins with Scanfil 60 or similar

On the top of the waving cloth stitch segments 2 pairs go into the the cloth stitch and lateron 2 pairs leave the cloth stitch towards the arch with picots. Under this arch 2 times 1 pair leaves the cloth stitch. In the middle they connect with the plait coming from the lower arch in a 4-pairs crossing. Then 2 pairs return to the cloth stitch area.
