

Week 1

The first edging of the new year, a new start? Not really. We started the series with guipure laces already last week. This time no edging with a straight edge on one side, but on both sides a waving edge. This lace also is drawn by Lia Baumeister.

You need 15 pairs of bobbins with linen 80/2 or similar.

At the place where the leaves and plaits are crossing a 10-pairs crossing is made. You use the same method as for the 8-pairs crossing. See the drawing below.

Hang the plaits starting with the most right one over the pin and finish the crossing so that the plaits and leaves really cross to the other side.

Have fun!
